

imperial ones closely. But these ones watched too closely, and imperial ones noticed and tried to catch these ones. Having nowhere else to hide, this one fled into Toto-Rak. In Toto-Rak, a sinister one robed in black tried to feed this one to a many-legged one! [2]".

Thus, even one of grammatical language means can form a holistic linguistic picture of the world: the specifics of this picture of a peace-loving people are that for its representatives it is important not to name the object itself using a pronoun or noun, but to distinguish, using descriptive constructions, significant qualities of the object from the point of view of potential danger to itself. What is more important, this feature concerns only animated objects, i.e. we can conclude that the sylphs, living in absolute harmony with the surrounding world, consider the inanimate objects surrounding them a priori safe, and in their relation it is enough to operate with single-word nominations.

The perspective of further research on linguistic means of creating virtual reality in computer games is the study of other grammatical means, as well as the lexical ones.

#### **ADVANTAGES OF GETTING HIGHER EDUCATION IN UKRAINE FOR INTERNATIONAL STUDENTS**

An important direction of the Ministry of Education and Science of Ukraine in international cooperation is the involvement of foreign students to study in

Ukrainian universities. The Cabinet of Ministers of Ukraine on behalf of President Volodymyr Zelensky is preparing a Strategy for the Development of Higher Education for the next 10 years and a plan of measures to promote opportunities for higher education in Ukraine for foreign students by 2025. At the the forum “Education of Ukraine 2021: Strategic Goals and Priorities”, organized by the Ministry of Education and Science of Ukraine, the participants discussed the strategic goals of education development. The President at the forum «Education of Ukraine 2021: Strategic Goals and Priorities» said: «We will fight for our excellent students and for foreign students, Ukrainian universities must educate people who are competitive in the modern world». Thus, the issue of getting Ukrainian education for foreign students is relevant.

A large number of students go abroad for their studies. Many of them go to France, Belgium, Germany etc. But a large part of young people also selects Ukraine as a country to go to university. The number of foreign students in Ukraine is increasing every year. Nowadays 80 470 students from 158 countries are studying here. What are the advantages for students to choose a course in a Ukrainian university? There are some reasons why foreigners want to study here:

Flexible conditions of entrance to Ukraine and a simple admission procedure to the university. For admission to the university of Ukraine, you do not need to take exams and be tested.

Tolerant society. In Ukraine there are no interracial conflicts, there are no religious oppression. Ukrainians are tolerant to foreign citizens and are famous for their hospitality to the whole world.

Affordable cost of education. The cost of studies in Ukraine is significantly lower than in Europe, North America.

Accommodation in the hostel. Ukrainian universities offer for places in a hostels international students. The cost of living is very democratic.

European level of education. Ukraine has become a party to the Bologna Declaration since 2005 and has a standardized educational system along with other 46 countries in Europe.

The choice of the form of learning. In Ukraine, various training options for foreign citizens are available: the preparatory department, bachelor's, master's, postgraduate education.

Preparatory courses. Most universities organize preparatory courses for foreign applicants. Preparing for studies at a higher educational institution takes from 6 to 10 months.

A wide range of specialties. In the universities of Ukraine you can get such specialties: medical, legal, economic, engineering, technical, humanitarian, etc.

A successful career start in any country of the world. The Ukrainian diploma is recognized in all countries of the world.

To conclude, Ukrainian system of education has many advantages. This is confirmed by the fact that a great number of students are studying in this country. It is important to say that studying abroad allows students to find a unique opportunity to learn something new and expand their horizons, and also gives a chance to see life from a different angle. Also, education received abroad can be an indispensable experience that will automatically set you apart from competing employees who have work experience, fluent in several foreign languages.
