IC Scientists

The service for scientists provides easy access to global networking and collaboration. Join or start your own on-line research projects. Find collaborators with desirable research skills and access to key equipment for your research. Perform global searches for scientists in your area of expertise. Monitor literature, case reports, conferences, patents and available grant opportunities. IC saves you time effectively filtering available information so you receive exactly what you need right on your IC home panel.

IC Journals

IC Journals is a journal indexing, ranking and abstracting site. This service helps a journal to grow from a local level to a global one as well as providing complete web-based solution for small editorial teams. IC Journals helps to professionally manage your journal from your location and automatically delivers XML files to Medline. This service accepts, peer-review and tracks manuscripts online and builds up relations with authors, reviewers and readers as well as increasing the international awareness of a journal.
